

**ELEVATORS & ESCALATORS**

# Modernization Program

---

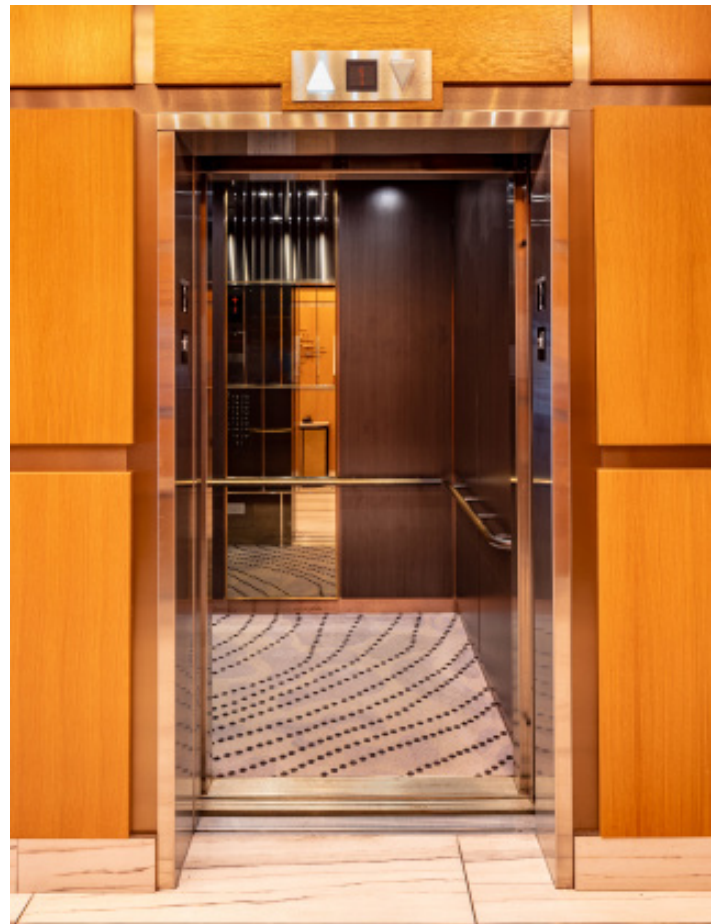

## Financing for your Mitsubishi Electric US Elevator & Escalator Modernization through Mitsubishi HC Capital (USA) Inc. (“MHC”)

Even the best vertical transportation systems eventually require modernization to meet evolving tenant expectations, updated building codes and National Elevator Industry, Inc. (NEII) recommendations. When you modernize your building’s elevators and escalators with Mitsubishi Electric US, you can expect improved safety, performance, reliability and energy efficiency along with high-quality interior finishes. To help you manage modernization costs, Mitsubishi Electric US has partnered with MHC, an affiliate of leading global banking institution, MUFG, to offer custom financing solutions to our modernization customers.

### MHC Financing Solutions:

- Exclusively to Mitsubishi Electric US Elevator & Escalator Modernization customers
- Promotional rates and terms
- Provides 100% financing
- Funding for progress payments
- Simplistic documentation process
- Varied options to align with budget and other financial objectives

1. Subject to credit approval and mutually agreeable documentation.

---

Ask your Mitsubishi Electric US Sales Representative about modernization financing options available through MHC or contact Mitsubishi HC Capital (USA) Inc. direct.
