

ELEVATOR MODERNIZATION

Financing Program

Financing for your Mitsubishi Electric US Elevator Modernization through Mitsubishi UFJ Lease and Finance (USA) Inc. (“MUL”)

Even the best vertical transportation systems eventually require modernization to meet evolving tenant expectations, updated building codes and National Elevator Industry, Inc. (NEII) recommendations. When you modernize your building’s elevators with Mitsubishi Electric US, you can expect improved safety, performance, reliability and energy efficiency along with high-quality interior finishes. To help you manage modernization costs, Mitsubishi Electric US has partnered with MUL, an affiliate of leading global banking institution, MUFG, to offer custom financing solutions to our modernization customers.

MUL¹ Financing Solutions:

- Exclusively to Mitsubishi Electric US Elevator Modernization customers
- Promotional rates and terms
- Provides 100% financing
- Funding for progress payments
- Simplistic documentation process
- Varied options to align with budget and other financial objectives

1. Subject to credit approval and mutually agreeable documentation.

Ask your Mitsubishi Electric US Sales Representative about modernization financing options available through MUL or contact Mitsubishi UFJ Lease and Finance (USA) Inc. direct.
